vehicle. Long formed to County Attorney.

NARRATIVE: On 10/28/2016 at approximately 1215 hours I responded with Ofc Jennison to 6500 MacCurdy Dr reference a delayed suspicious. Upon arrival I made contact with a Hertz rental car employee named Emily [REDACTED] Emily took me to the vehicle that she moved from its parked spot to an area just north of the parking lot on Crystal Dr. I arrived at the location and observed a silver Jeep Compass with a Nevada license plate parked facing west in a gravel area.

Emily told me that they got a call at approximately 1000 hours from a Joseph McGee stating that his friend had left the car there over night and the keys were in the gas cap area. Emily told me that McGee told her that his friend was feeling sick so they didn't know what to do.

Emily stated the car was suppose to be returned last night at 2000 hours. Emily stated the store closes at 1700 hours so no one was present when the vehicle was returned.

Emily said she went over to the car that was parked in the furthest northwest parking spot that Hertz owns and recorded the gas and mileage. Emily stated she noticed there was personal property inside the vehicle. Emily said there was a wallet with an Attorney General's badge, two driver licenses that had the name of Robert Biden, some credit cards with the same name, and a secret service business card. Emily said the items were laid out on the passenger side dash board. Emily also stated there was a pipe that she thought was used to smoke meth and a white powdery substance in the arm rest of the vehicle.

Emily stated she returned the car as normal and the credit card on file was being declined. Emily stated they pushed the card through for payment. Emily stated she called Joseph's number back to let him know the car has been returned and a female answered the phone. Emily asked for Joseph and let him know that the car was returned but Joseph never asked for the property left in the car. Emily said it felt weird so she contacted her manager who contacted police.

Emily stated while she was contacting her manager she looked up the name on the internet and realized the ID's and credit cards belong to Vice President Joe Biden's son.

When I approached the vehicle I observed several items on the dashboard of the passenger side. I later discovered they were the ID's and Attorney General badge Emily was talking about. Emily stated she put those items back in the dash area where she located them.

I opened the passenger side door and when I did I observed a small white and brown pipe approximately 3-4 inches long and a small ziplock bag with a white powdery substance inside all sitting on the passenger seat. Emily was asked if she touched the items. Emily stated she did pick up the pipe because she did not know what it was. Emily said when she was told what it was she placed everything back inside the

vehicle. A Hertz incident report, rental agreement, smoke filter, and a multi-tool, were also located on the floor of the front passenger side of the vehicle.

A cell phone was later located under the driver seat.

I asked Emily about the incident report. Emily stated that Robert was in an accident and traded a vehicle in for this silver compass in Palm Springs, Ca. Emily stated that the incident report is suppose to document how the accident happened and where the damage to the vehicle was located. When I looked at the report I observed Robert Biden's name on the report along with his Washington DC address and his phone numbers.

While I was looking at the items that were left inside the vehicle Ofc Jennison was talking to Detectives by telephone. Please see Ofc Jennison's supplement for his involvement in this case.

Ofc Jennison stated that pictures should be taken of the scene. I grabbed my camera and took photos of the scene. They were later placed into property and evidence.

A short while later Ofc Jennison stated that detectives had contacted the FBI and they were en route. A short time later two FBI agents arrived on scene.

After the two agents arrived Detective Brazell and Sgt Small arrived on scene. Detective Brazell processed the scene. Please see Det. Brazell's supplement for his involvement in this case.

While the scene was being processed and after the scene was processed I stayed with the car. I was later informed by Sgt Small that Robert Biden had been located by Secret Service and was well. After Robert was located and the scene was released I returned the car keys to Hertz.

Investigation continues/ Court process

Nothing further to report.

items located inside the vehicle. I was provided a bag that contained ID's, credit cards, a cell phone (Apple), and an Attorney General badge for the state of Delaware.

Once pictures were taken, I began collecting items from the vehicle. Please see the property sheet for details of the items seized from the vehicle.

I noted that there was a glass pipe on the passenger side seat that had burnt residue inside the pipe. I noted that this type of glass pipe is commonly used to smoke illegal substances. I also found a torn small clear plastic baggie next to the pipe with white residue. I was advised by Ofc Crawford and Jennison that in between the two front seats of the Jeep, the console opened up and there was white residue present. I located the white residue and used tape to pull up some of the residue and folded the tape back onto the other end to trap the residue in the tape. I also placed a small piece of tape to close the end of the torn clear baggie as well to keep any residue inside the baggie. All items, including the glass pipe were later placed into evidence.

I spoke with [REDACTED] after processing the vehicle to confirm some of the things she had previously disclosed to officers. [REDACTED] confirmed that she could not provide the exact time the vehicle was dropped off and noted that they were not aware that the vehicle had been dropped off until "Joseph McGee" had called around 1000hrs. [REDACTED] confirmed that McGee called from a phone number of [REDACTED] [REDACTED] noted that she called that number back and a female answered the call but was able to put "Joseph" on the phone.

The scene was secured after Sgt Small was contacted by the Secret Service and told that Robert Biden was secure/well. The keys to the vehicle were turned back over to Hertz.

On Monday, October 31, 2016 I called the phone number [REDACTED] to speak again with McGee about what took place the previous week and see if he could put me in touch with Biden. The call was answered by a female and when I asked if I could speak with Joseph she noted that he had just went into a store. I then identified myself and advised the female I was looking into some suspicious circumstances surrounding a vehicle that had been left at the Prescott Airport. The female stated, "Oh yeah. You know they left the keys in the gas cap because they didn't know there was a drop box." I then noted that the female obviously had some information as well she might be able to provide and asked for her name. The female said that her name was "Puma" and when I asked her if that was her first name or last name she noted that she did not wish to provide me any additional information, stated that she would tell Joseph to call me and then hung up the phone.

I contacted the Yavapai County Attorney's Office and spoke with Carrol Kennedy. I confirmed with YCAO that they did not want any of the items released in the case that had been seized from the vehicle and she said yes. I requested a GJ Subpoena to Verizon for the phone number belonging to "Puma" and it was granted. I faxed the subpoena after it had been stamped by the clerks office a short time later.

On November 2, 2016 I received a reply from Verizon about the phone number [REDACTED] I found that the phone number belonged to a Shauna Stangl out of Cornville or Cottonwood, AZ. The address on the Verizon account appears to be a UPS box location in Cottonwood. I found Stangl had a listed address according to AZ DMV in Cornville, AZ. I also found that Stangl is the Co-Founder or Owner of Grace Grove out of Sedona, AZ and according to the website her name at the Grace Grove

Center is "Puma St Angel."

I attempted to call Stangl again and my call went unanswered and I found that the voice mail box had not been set up. I have not been able to make contact with Stangl or McGee at this time.

P/E: Please send the pipe and baggie to AZ DPS Crime lab for fingerprinting and testing of the residue.

Nothing further at this time. (S) Biden has not been contacted.

location, which is located at the Prescott airport, 6500 MacCurdy. She stated that staff members, identified as Emily and Zach, told her that one of their returned rental cars had some suspicious items left inside of it. I asked what the suspicious items were. She advised that she was told there was an Attorney General's badge, two driver's licenses for a subject identified as Robert Hunter Biden, along with numerous credit/debit cards with the name Robert Biden. [REDACTED] stated that Emily and Zach told her that they had Googled the name Robert Biden and that a photo came up of the subject on line that matched the photo on the Washington D.C. driver's licenses. [REDACTED] said that Emily and Zach told her that the subject, Robert Biden, appeared to be the son of Vice President, Joe Biden. I was told that there was also some type of a white powder substance that was found inside the car and that the car was dropped off at an unknown time throughout the night with the keys left in the gas tank compartment instead of being dropped in the after hours drop box located at the front of the building of the airport terminal.

I asked [REDACTED] if Robert Biden was the name of subject that originally rented the vehicle. She stated that it was. I asked where the original vehicle was rented from. I was told that it had been rented from Los Angeles, Ca (LAX airport) on 10-26-16 at approximately 0349 hours with a rental return destination of Prescott Az. I was told that the vehicle was scheduled to be returned in Prescott on 10-27-16 at approximately 2000 hours. [REDACTED] also advised that the credit card/debit card that was provided at the time of rental had been denied. I asked [REDACTED] if Robert had provided any contact information on the original rental contract. She stated that there were two phone numbers provided. She gave me both numbers, [REDACTED] and [REDACTED]. I called the first number that went to a voice mail message stating that the voice mail box was full. The second identified a business (Seneca) and then said to push #1 to contact Hunter Biden. I pushed the #1 then heard a ring followed by a busy signal. I could not make contact.

I then responded to the airport (6500 MacCurdy) along with officer Crawford and made contact with Emily [REDACTED]. Prior to arriving at the airport I made contact with the Criminal Investigations Sergeant, Sgt. Small and detective Brazell. I advised them of the situation. Upon arrival myself and officer Crawford made contact with Emily. Emily took us to the location where she had parked the car, just off of Crystal Dr. Officer Crawford took over the investigation and started to speak with Emily to obtain additional information. Officer Crawford opened the passenger side of the Jeep and observed the items inside the car. Please see officer Crawford's original report for further information and details. I did assist in checking the inside of the car and located a black cell phone underneath the driver's side front seat. I placed the phone with the other items that had been located inside the car.

Officer Crawford took numerous photos of the car and the contents located inside.

Detective Brazell and Sgt. Small arrived on scene a short time later to assist in the investigation. I provided them with the information that I had been provided. Additionally two FBI agents arrived on scene to assist with the investigation after being contacted by Sgt. Small.

This concludes my involvement in this case.

RE: Declined for Felony Prosecution

Carol D. Kennedy has reviewed the report and prosecution is declined for the following reasons:

<u>Charge</u>	<u>Reason Declined</u>
Drug Paraphernalia-Possess/Use	Declined, Referred To City Prosecutor

Does not warrant felony prosecution on these facts at this time. The highest possible charge is a class six felony. That charge would likely be designated a misdemeanor even if D convicted at a jury trial. D has no prior felonies. This charge can be appropriately handled in the Prescott City Court. Please forward to the Prescott City Prosecutor for misdemeanor review.
